

LANZAROTE, CANARY ISLAND (2023)

Weddings

Bodegas Vega de Yuco

Finca Testeina

UNIQUE SPACES IN THE VINEYARDS WITH MORE THAN 200 YEARS OF HISTORY

Surrounded by vineyards and fruit trees, next to Testeina's Volcano, in the heart of the Protected Landscape of La Geria, you can find the emblematic house that bears its name. More than 200 years of history have passed through the vineyards surrounding this building, which preserves the architectural, ethnographic, cultural and heritage values inherent to the identity of Lanzarote.

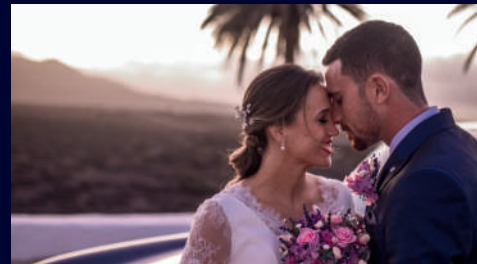

The first documents mentioning a "great house" and farmhouse in this area of Testeina dates to the 16th century. Bodegas Vega de Yuco, in its commitment to preserve the heritage of the island's wine growing, agricultural, cultural and heritage culture, undertook the project of recovery and rehabilitation of the estate and the historic house, which today is shown as an open space for the enjoyment of different experiences and as a unique and singular space on the island of Lanzarote to host events, weddings, congresses and incentive events.

We also offer complementary activities and services such as private wine tastings and personalized experiences related with wine.

Weddings

Ceremony

3 different atmospheres

Indoor Rooms and Halls

Indoor rooms and multifunctional spaces for any kind of celebration.

Barricas Room

Outdoor terraces and open spaces

Outdoor terraces and open spaces adjoining the rooms, ideal for a cocktail or a welcome drink and for hosting any kind of event.

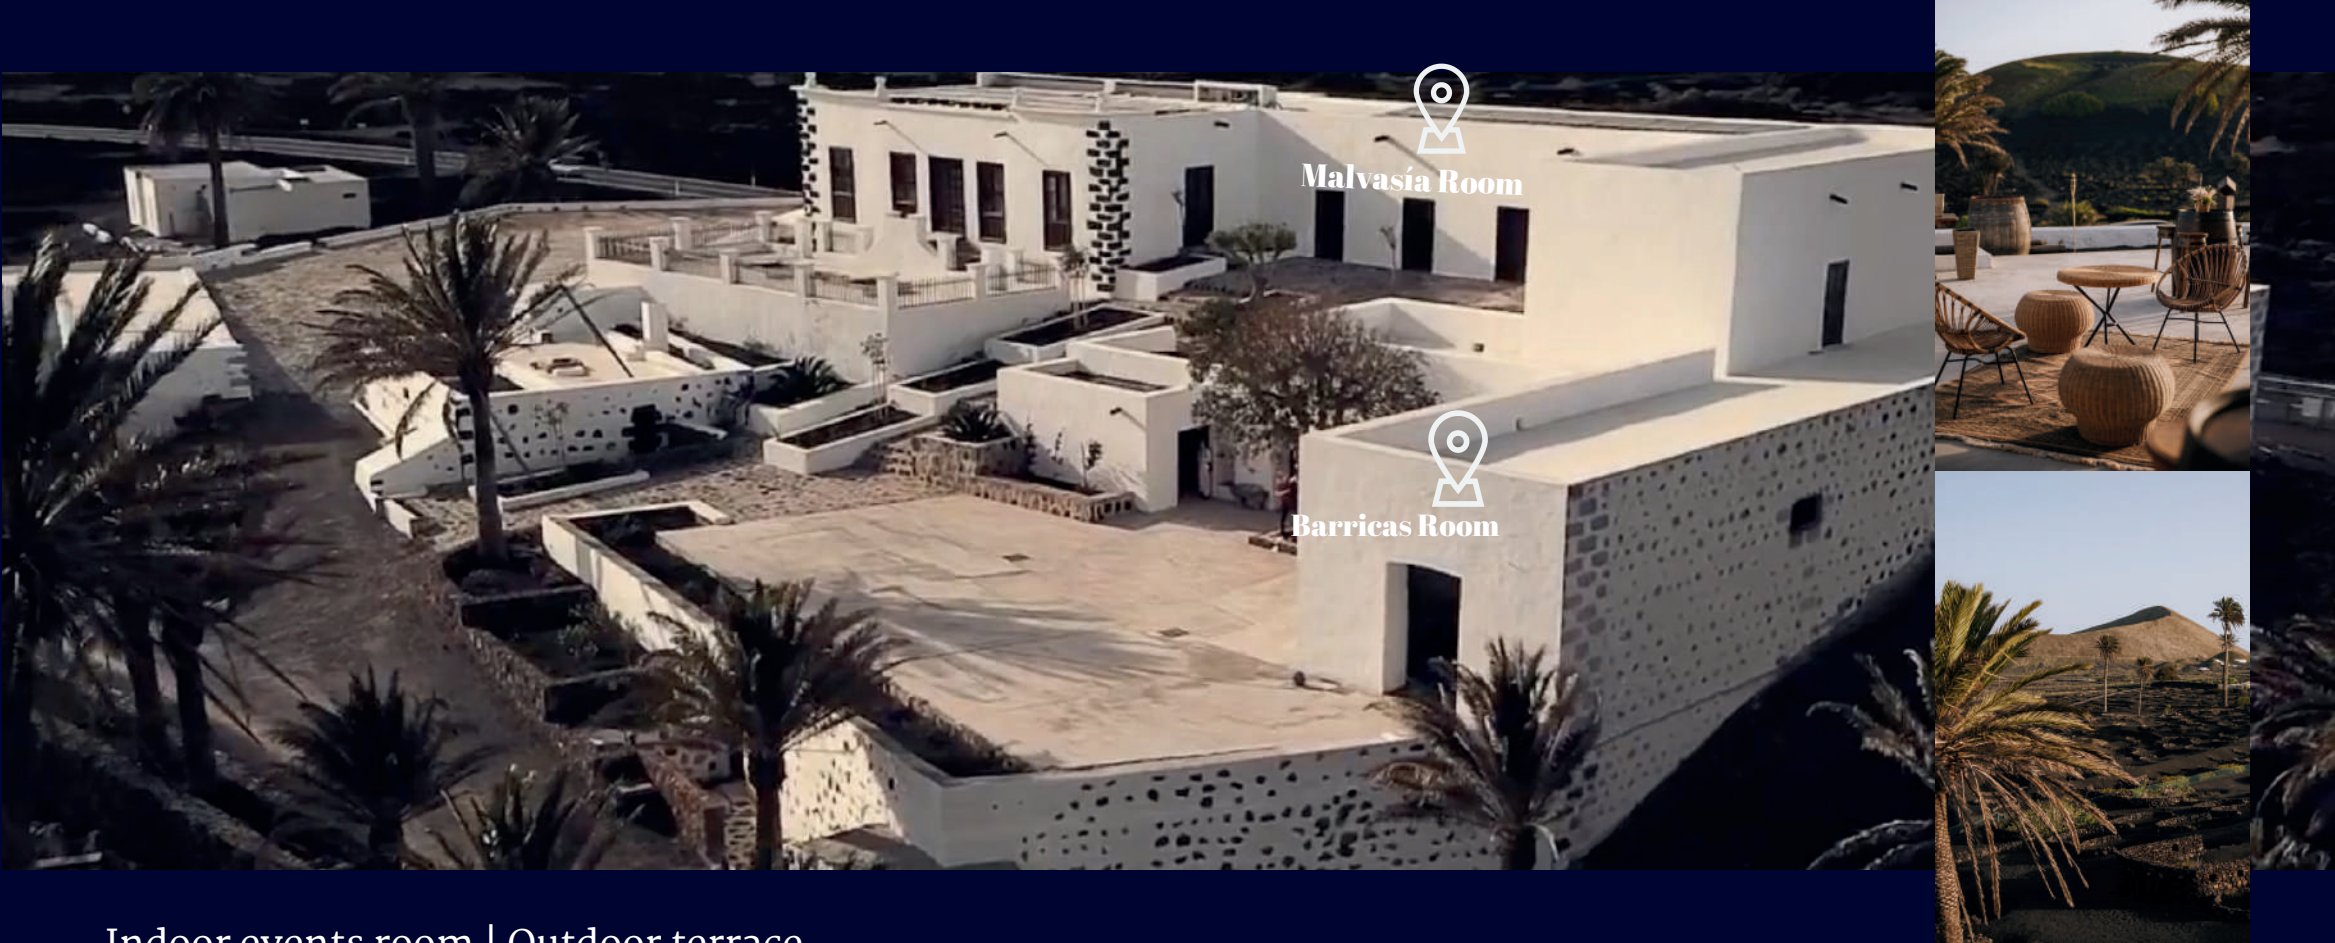

Outdoor Terrace

In the heart of the vineyard

There are three different spaces in the heart of the vineyard ready to host unique events. Ideal to put any kind of tent, stage or other outdoor event needs.

Spaces within the landscape

Indoor events room | Outdoor terrace
Catering room | Toilets

The two available rooms in the house have outdoor terraces, ideal to celebrate cocktails or welcome drinks, and adjoining to each room you can find an extra room for the organization of the catering.

You can also find in the same area the toilets (adapted for people with reduced mobility) and a large car park for 95 vehicles and 11 buses.

Rooms are equipped with natural and photovoltaic lighting and free Wi-Fi (request for network speed).

Outdoor spaces

In the heart of the vineyard

Testeina - La Geria and its surroundings became the main wine-producing area of Lanzarote, a fact that persists today.

This area is not only exceptional from a productive point of view, but also constitutes a unique area due to its historical value in its archaeological and ethnographic aspects, also linked to the culture of water.

From the house you can access the heart of this impressive wine-growing landscape along a path to several unique locations that have been adapted to organize different kind of outdoor events. There are three different spaces, ideal for tents or other outdoor elements. This area is also unique for weddings photo shootings.
